

Indicators of an Asia capable school

Explore a series of case studies drawn from the schools participating in the Leading 21st Century School: Engage with Asia Programme that illustrate how schools are Asia capable.

The six indicators of an Asia capable school are:

<p>Policy and planning</p>	<p>Professional learning</p>	<p>Curriculum</p>
		
<p>Languages</p>	<p>ICT</p>	<p>School partnerships</p>
		

Think/pair/share activity:

- Select one case study to read.
- Read the case study on your own. Then, pair up with another person and share which indicators of an Asia capable school have addressed and what have been the outcomes for the schools in regards to leading Asia capability.
